What family traditions around death and dying would you like to respect?

Kadampa Center offers a very special memorial program two weeks after someone has died. The purpose of this service is to support the deceased in the bardo state to promote a positive rebirth. There is a standard format and some preparations family members must do. Each service can be tailored to fit the commemorative wishes of the family. Kadampa Center can also be the service of record; that is, our service can be the one announced in the paper for the public to attend. We can accommodate about 150 people. The family sponsors this service.

Have you ever attended a Kadampa Center memorial service before?

In addition to a Kadampa service that has a very specific intent, you could also have a more traditional service for the public. Kadampa Center's Chaplain and ordained Sangha can participate in a more traditional service if you wish.

You and your family can also add your name to prayers said by His Holiness the Dalai Lama, Lama Zopa Rinpoche, and FPMT students around the world. Visit http://www.fpmt.org/pfd.html for the details about this service.

For resources and further support on aging, death and dying, please visit our member web page http://www.kadampa-center.org/death_dying.php. Included is a Dharma Will that can be used to indicate additional specific wishes about spiritual practices done for you at the time of death.

Please return this form (and the Dharma Will, if you’d like) to the Spiritual Program Coordinator in hard copy or by emailing program@kadampa-center.org. Please also email the SPC if you would like to schedule an appointment to go over your responses on this form, to have questions answered, or to explore your needs in more detail.
